

OHP 5000 CD Autoload On-Hold Audio System

records audio from any ordinary CD to digital flash memory

TELECONNECT
Product
of the year
2000

Specifications

■ Sound Quality

The OHP 5000 utilizes ISD Chipcorder™ technology, chosen for its superior sound quality over typical flash memory-based systems. 8KHz bandwidth provides sound quality comparable to systems with 128Kbps or better sampling rates.

■ Input

Built-in audio CD player or external audio-in jack

■ Output

8Ω: 4 volts peak to peak

600Ω: 8 volts peak to peak

■ Memory

Built in: 8 minutes non-volatile flash

Expansion: 16, 24 or 32 minutes

■ Messaging

Maximum number of messages: 31, programmable from audio CD (99 track capability with optional additional ROM chip.)

■ Connectors

Audio out: RCA jack

Audio in: 3.5mm mini jack

Trigger: 2.5mm mini jack

Power: 2.5mm power jack

■ Switches/Controls

Power on/off

Monitor speaker on/off

Volume

Impedance 8Ω/600Ω

CD Controls - Record/Preview/Track Search/Track Select

■ Power

12VDC @1000mA

Source 110VAC, 60Hz UL/CSA power pack

■ Physical

Size: 11" x 9" x 4.5" (LWD)

Weight: 4.5 lbs.

Features

- **Digital flash memory** design retains music/message content even during power loss...unit ships with preloaded audio.
- **Integrated CD mechanism** - quickly and easily record high quality audio. CD media is easy and inexpensive to duplicate and distribute.
- **CD Autoload** - drop in a CD with a single track, close the lid, and the unit automatically records the content.
- **Multi-Track Programmable** - drop in a multi-track CD and choose which tracks and in what order to record.
- **LCD Control Panel** - displays program length, time remaining in unit's memory, and unit's status.
- **Trigger switch** - unit can be triggered to start program content from the beginning with an external trigger switch.
- **HoldTracks Audio CD** - choose new, royalty-free music from a prerecorded audio CD featuring a variety of music styles.
- **CustomWorks CD-ROM** - simple-to-use on-hold audio scriptwriting software allows users to create professional-sounding custom on-hold audio scripts in minutes.
- **MessageStudio Software Compatible** - works with award-winning MessageStudio software (available separately), allowing user to create new on-hold audio content on their PC and record directly into OHP 5000's digital memory.
- **External Recording Capability** - audio input allows you to record from any external audio source.
- **Built-In Monitor Speaker** - allows user to monitor sound with the flip of a switch.
- **Wall Mountable** - unit can be mounted, played and recorded in a vertical position.
- **3-year warranty**
